LEAPSTER™

LEARNING GAME SYSTEM

PARENT GUIDE
www.leapsterworld.com

THIS GUIDE CONTAINS IMPORTANT INFORMATION.
PLEASE KEEP IT FOR FUTURE REFERENCE.

Howdy, Folks! Welcome to Radiator Springs! Join Lightning McQueen, Mater and friends as they hit the racetracks in this title for your Leapster™ Learning Game System, inspired by the popular Disney presentation of a Pixar film, *Cars*! These exciting racing games will help your child build essential early reading and mathematical skills!

1

Getting Started:

Insert the cartridge with the printed side facing front. Press the On/Off button to begin.

Sign In:

1. Follow the on-screen instructions to sign in.

2

2. The Leapster™ handheld will store the game information of up to 3 players.

Many Ways to Play

Disney presents a Pixar film, *Cars* interactive game offers a variety of educational racing games that help your child learn and master skills through engaging play experiences! Touch an icon with the stylus to select a race. You can also use the directional arrows to scroll through and highlight icons. Then press the A button to select.

3

To turn off the background music, touch the music note. This setting will return to "music on" each time the unit is powered on.

Desert Derby

Tractor Tripper

Radiator Springs

Carburetor Cup

Whitewater Canyon

Learning at All Levels

Disney presents a Pixar film, *Cars* interactive game for the Leapster™ handheld reinforces important early reading and mathematical skills with two levels of gameplay that young learners can play at their own pace and ability. Level 1 presents concepts appropriate for preschoolers (ages 3-5), while Level 2 teaches essential kindergarten skills (ages 5-6). Within each level, the skills learned in the game become more challenging to reinforce and expand children's knowledge about important concepts.

How a Tutorial Works

The goal of a tutorial is to provide clear demonstrations on how to break down a skill into smaller parts. A tutorial is activated when the player presses the Hint button or gets a series of incorrect answers. For example, if a player is having trouble matching the number 7 to its number word, Luigi and Guido will appear, lifting the number as the narrator says the number out loud. This sequence helps reinforce the connection between the numeral and its number word. The narrator will always encourage players to try again.

Welcome to *Cars!*

Game Summary

The little forgotten town of Radiator Springs has lost its luster. Help Lightning McQueen and his friends light up the town's neon and restore Radiator Springs to all the glory of its heyday. You can help, too, by accumulating tokens that you can use to light up neon signs. You can choose your racetrack—Whitewater Canyon, Desert Derby, Carburetor Cup or Tractor Tipper—and choose your racecar—

McQueen, Mater, Flo or Ramone. As you speed through the tracks and answer questions, be sure to collect tokens. After the races, return to Radiator Springs to select the neon you want to light up! Now start your engines. It's race time!

Desert Derby

HOW TO PLAY

Watch for the green light and then go! Use the arrow pad to speed up, slow down or make a sharp turn on the dusty desert racetrack. Press A to jump over sand dunes and other obstacles. Keep those pesky tumbleweeds and dirt devils out of your way with a burst of radiator steam by pressing B. When the race announcer asks a question, follow the path with the correct answer.

Level 1: Players identify letters and distinguish letters from numbers.

Level 2: Players identify upper and lowercase letters.

WHAT'S BEING TAUGHT?

Alphabet Knowledge: The ability to identify the letters of the alphabet in various forms.

WHY IS THIS IMPORTANT?

Children need a variety of experiences to help them identify the letters of the alphabet. Being able to quickly and effortlessly identify letters is the precursor to learning about letter-sound correspondence and decoding or reading simple words. Understanding these important skills is critical for a child's future success in learning how to read and write.

Whitewater Canyon

HOW TO PLAY

Drivers ready? Driving through the steep canyon track can be dangerous. Use the arrow pad to speed up, turn or slow down. Players press A to jump over boulders. Watch out for flash floods! Inflate your tires/tyres by using the B button to drive on top of the water! To identify correct answers, drive over signs in the road. Don't forget to pick up tokens along the way with each correct answer!

Level 1: Players match similar objects together, and numerals to number sets.

Level 2: Players identify numerals and number words up to 20, work with concepts such as more than, less than, comparisons and ordinal numbers.

WHAT'S BEING TAUGHT?

Numeration: The ability to identify numbers and associate them with their corresponding number words and numeric values.

WHY IS THIS IMPORTANT?

Developing a strong sense of numbers helps children become effective problem solvers and flexible thinkers. A child's ability to count, identify and represent numbers reflects their knowledge of numbers. As this knowledge grows, children begin to see relationships between groups of objects and numbers. Games such as Whitewater Canyon help children build these key skills.

Carburetor Cup

HOW TO PLAY

Drivers, start your engines! Everything is faster on the speedway. Use the arrow pad to speed up, turn or slow down. Watch out for tires/tyres, oil drums or cones in the road or just press A to jump over them. When asked a question, press B to bump the car in front with the correct answer and move ahead in the race!

Level 1: Players identify and extend patterns, understand the meaning of ordinal numbers and determine the position of objects in relation to one another.

Level 2: Players count by twos, fives and tens through 50, and identify missing numbers in a sequence.

WHAT'S BEING TAUGHT?

Numeration: The ability to understand numbers, ways of representing numbers and number relationships.

WHY IS THIS IMPORTANT?

Understanding patterns lays the groundwork for problem solving and logical reasoning. As children determine what comes next in a pattern, they are looking for similarities and differences. As children become fluent in their counting abilities, they begin to see patterns in numbers as well. Through gameplay, children can learn how numbers are used to express an order and position.

Tractor Tipper

HOW TO PLAY

It's time for some sneaky tractor tipping fun!

Use the arrow pad to carefully maneuver the car through a pasture filled with tractors.

Press A to jump over haystacks and other obstacles. Your headlights will help light up letter answers on the tractors. When you see the correct answer, press B to toot your horn or rev your engine and tip the tractor over!

Keep an eye out for Frank in your rearview mirror – don't let him catch you disrupting the tractors! Collecting night goggles along the course will help you see hidden tokens.

Level 1: Players identify initial and final letters in simple words.

Level 2: Players learn simple consonant-vowel-consonant words.

WHAT'S BEING TAUGHT?

Letter-Sound Relationships: Understanding the relationship between letters and their corresponding sounds.

Spelling Patterns: Identifying simple consonant-vowel-consonant patterns in words to introduce early reading skills.

WHY IS THIS IMPORTANT?

In order to become proficient readers and writers, children must be able to put their growing knowledge of letter-sound correspondence to work so that it eventually becomes instinctive. As children start to build simple consonant-vowel-consonant words during gameplay, they build the awareness that will help them read and spell more complex words with speed and confidence in later years.

IMPORTANT: Please notify the LeapFrog Consumer Service department of any difficulties before returning this product for any reason. Returns must have a Return Authorization/Authorisation number (RA#) in order to be processed. If the service representative is unable to solve the problem, you will be given instructions on how to replace the product.

Warranty Information

This LeapFrog® product is warranted only to the original purchaser for a period of three months from the original purchase date, under normal use and service, against defective workmanship and material. This warranty is void if the product has been damaged by accident or unreasonable use, immersion in water, neglect, abuse, battery leakage or improper installation, improper service, or other causes not arising out of defects in workmanship or materials of the product. All warranty claims are subject to: (1) LeapFrog being notified of the warranty claim within the warranty period, (2) LeapFrog verifying the existence of a defect in the product and (3) receipt of valid proof of your purchase date.

Before returning a product for any reason, please notify the LeapFrog Consumer Service Department. If the service representative is unable to solve the problem, you will be provided with instructions as to how to go about having the unit repaired or replaced if it is under warranty. Return of a product under warranty is governed by the following rules -- If LeapFrog believes that there may be a defect in materials or workmanship and LeapFrog confirms your purchase date, LeapFrog will provide you with prepaid shipping instructions for returning the product. Otherwise, you must return your product, shipping prepaid and with proof of purchase date, as instructed by a LeapFrog service representative.

In the event that a product under warranty is repaired or replaced, the replacement will be covered under the original warranty or for 30 days, whichever is longer. Repair or replacement is your exclusive remedy, and LeapFrog's exclusive liability, under this warranty. Replacement may consist of replacing the product with the same product or with a different product of the same value. LeapFrog shall not be liable for any incidental or consequential damages for the breach of any warranty on this product. Any implied warranty of merchantability or fitness for a particular purpose on this product is limited to the duration of this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitation on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights, which vary from state to state and country to country.

Canada: In addition to the above-referenced warranty, the hardware component shall be free from defects in material and workmanship for 12 months. The above express warranty and any applicable implied warranties are limited in duration to the warranty periods described above. Some provinces do not allow limitations on how long an implied warranty lasts, or the exclusion of incidental or consequential damages, so the above limitations do not apply to you. You may also have other rights, which vary from province to province.

U.K.: In addition to the above-referenced warranty, this LeapFrog product shall be free from defects in material and workmanship for 12 months where the 3-month warranty period is not valid. The above express warranty and any applicable implied warranties are limited in duration to the warranty periods described above. You may also have other rights under U.K. law, which this warranty does not limit.
